## INSTRUCTIONS

1. TWC is interested in establishing a contract with a qualified vendor to provide fresh produce on a weekly basis to the Criss Cole Rehabilitation Center (CCRC) located at 4800 N. Lamar Blvd., Austin, TX 78756.
2. The initial term of contract shall be the date of the Purchase Order (PO) issued by TWC through **August 31, 2021**. TWC may, at its option, extend the contract for up to one (1) additional one (1) year period.
3. TWC's annual expenditure for fresh produce on behalf of the CCRC is approximately \$10,000.
4. Delivery shall be FOB destination, freight prepaid and allowed.
5. Provide response to the questions below. The space following each question or instruction expands so that complete responses may be provided.

1. CCRC's preferred weekly delivery time is each **Monday from 6:00 - 7:00 AM**. Indicate your ability to meet this delivery schedule on a consistent basis, or your proposed alternative delivery time. Describe any factors that may affect delivery. Also, describe your practice regarding items that are needed after the weekly order has been delivered, e.g. items inadvertently omitted, or needed on short notice.  
We can meet the delivery schedule.

2. How do you ensure the quality of your produce? Describe essential quality assurance measures your company implements and standards you adhere to. Provide any information related to quality assurance that you feel is necessary for TWC to understand in evaluating your overall quote, e.g. Safe Quality Foods standards. What is your policy when produce received by TWC is unacceptable from a quality standpoint?

- \* Your drivers pest check and pre-cool their trucks before loading
- \* Your driver hand selects each item that is pulled for TWC. That driver is looking for size, quality and if it's been tampered with.
- \* Your driver places the product in liners/ boxes and will arrange your items to avoid crushing.
- \* Your driver upon delivery go over each item with you and will rotate your product upon request
- \* If an item is rejected or missing, we will ship that item same day at no charge

3. Does your company offer an automated online ordering system? If so, describe the system and how it might be beneficial to TWC. Describe any features that allows for customized ordering by TWC. Describe any training that you will provide to TWC on the system at the beginning of the contract period.

We do not offer on-line ordering yet

4. The items listed on the following page are representative of items commonly purchased on behalf of the Criss Cole Rehabilitation Center. In the spaces provided, quote unit pricing based on your costs from the week of **June 10, 2019 and June 17, 2019**. Quoted prices will be used for evaluation purposes only and not as fixed prices for an actual order. Please note that on average TWC spends \$250.00 - \$300.00 on a weekly basis for fresh produce.

Describe the pricing structure that the quoted prices are based on and that which would be established for the TWC account.

Our pricing is based on finding quality product. We only buy number one product.

5. Does your company split full cases into half and quarter case quantities? If so, is there a split case charge and how much is the charge?

We charge a \$1 split charge
